

Parents and Fans,

We would like to welcome you back to another exciting and challenging 2008 football season on behalf of the Gridiron club.

The football team is returning from a very successful 2007 season, including an ACL league title, two playoff wins and participating in the first ever Superbowl game at Gillette Stadium. While the team fell a little short (20-23), it may have been the most exciting game in team history ! A special tribute to the fans who attended the game on one of the coldest days of the year ! The 2007 cheerleaders also had a successful year by establishing themselves as one of the most elite squads in the region by ranking 9th out of 93 teams.

Both the football and cheerleading teams are very fortunate to have continued financial support from the community. After all, how many teams can say that they have back to back games at Gillette Stadium and Beverly Hills, CA ? A special thanks to the school administration, Beverly Hills Planning Committee and the Marshfield community for making this trip possible. We thank YOU.

The coaching staffs puts in many long hours throughout the year. Marshfield is very privileged to have such a dedicated coaching staff that reinforces academic and athletic achievement. Our young athletes are very fortunate to be involved in such a dedicated program lead by exceptional coaches. The involvement in this program will provide valuable lessons that will be carried with them throughout their entire lives.

The program you are reading is just one of the many functions of the Gridiron club. The Gridiron also provides the end of season banquet, scholarships, jackets for league championships, snacks for away games and organizing pasta dinners just to name a few. The Gridiron is made up of parent volunteers and coaches. We graciously thank the previous officers and volunteers for forming this organization many years ago. I personally would like to thank the outgoing president Dawn Martin-Tubbs and vice president Lauri Nickerson; for it was through their commitment and leadership that has strengthened the Gridiron.

In closing, we would encourage all parents and concerned individuals who want to see this Marshfield tradition continue to please take part in the Gridiron. We again thank the continued support from our local businesses and residents. We wish success to all football players and cheerleaders for the 2008 season. Go RAMS.

Sincerely,

Dan Vaughan,
Gridiron President
